Westko Bird Bath

Beautifies the Lawn and Garden and Attracts
Birds

28 inches high. Bowl 18 inches in diameter

Price \$10.00

This Bird Bath is very attractively designed for use where a distinctive and artistic outdoor decoration is required. Modeling is a dull finish tawny brown with contrasting darker background, and inside of the bowl is a bright finish dark green.

The entire Bath is made of glazed earthenware, the body and glazing being frost proof; weather will not effect it.

Bowl can be easily cleaned and washed out and the base at bottom is wide so bath cannot be easily tipped over.

If Interested Send for Folder

FOUNDATION PLANTING OF HARDY FERNS

A FERN BED FOR ONLY \$5

We Offer Prepaid by Parcel Post for \$5

8 Ostrich Plume Ferns

8 Lady Ferns

4 Osmundas

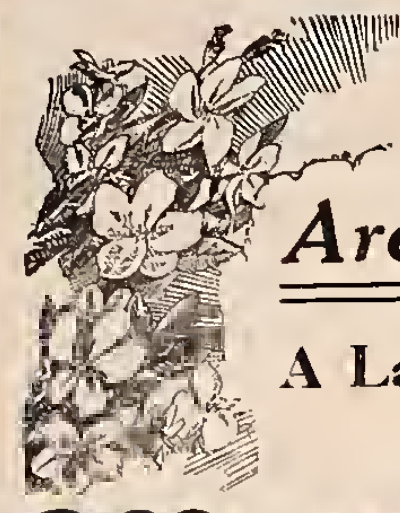

One-half assortment, 10 ferns, for \$3.00

Hardy outdoor Ferns grow best in the shade or half shade and will do well in the border. They are just the thing for that shady place around your house where most flowers will not do so well.

Of all the Hardy Ferns the Ostrich Plume, also called the Palm of the North, is perhaps the best as it grows the tallest and fastest of any Fern. It often has as many as fifteen fronds gracefully arranged, presenting an object more beautiful than many varieties of palms. The fronds under favorable conditions attain a length up to four feet.

MAIL ORDER FERN BEDS

- No. 1—20 Ferns in the three varieties that generally give satisfaction under almost all conditions—8 Ostrich Plume, 8 Lady Ferns, 4 Osmundas ----- \$5.00
- No. 1A—General collection that perhaps will give better satisfaction than No. 1 in that it includes 5 Evergreen Ferns, the fronds of which keep green all winter, in place of 4 Osmundas, 8 Ostrich Plume, 8 Lady Ferns, 5 Evergreen Ferns ----- \$5.00
- No. 2—Special for dry shady places—10 Dagger Ferns, 6 Hay Scented, 6 Claytoniana ----- \$5.00
- No. 3—Special for moist shady places—4 Maidenhair, 4 Evergreen, 4 Ostrich Plume, 4 Cinnamon, 4 Lady Ferns ----- \$5.00
- No. 4—Special for wet ground—4 Marsh Shield, 10 Sensitive, 4 Royal, 4 Evergreen Ferns ----- \$5.00
- One-half of any of the above assortments ----- \$3.00

SCHENCK'S SHRUBS

Are Specially Adapted to Michigan Climate and Sure to Please

A Large Assortment of Ornamental Trees, Evergreens, Small Fruit Plants, Hardy Shrubs, Roses and Perennial Plants Grown in Central Michigan and

Offered at Practically Wholesale Prices

ORNAMENTAL SHRUBS

We are devoting more land every year to the growing of deciduous shrubs for the landscaping trade and, with the very favorable growing season that we had during the past summer, we believe that we are offering for shipment during the coming spring season one of the best stocks of shrubs that we have ever had to offer. They have all been given plenty of room in the row and are thrifty, bushy and well grown. Our list includes all the varieties adapted to this locality. We take extra care in the growing and marketing of our shrubs. Prices are given for three sizes as Small, Medium and Large plants, but our customers will find our grades very liberal as to the sizes.

Prices—Two year plants (small) 25c
Three to four year (medium) 35c
Four to five year (large) . . . 50c

- ALTHEA** (Rose of Sharon)—Handsome, well-known shrubs producing their large single or double flowers in late summer when few other shrubs are in bloom. They are very ornamental also when used as a hedge. 2 ft., 25c; larger sizes . . . 50c
- ARALIA**—Lustrous green foliage, prickly branches. Fine as specimen plants or when massed, 35c; large . . . 50c
- ARALIA PENTAPHYLLA**—Five-leaved Aralia.
- ARALIA SPINOSA**—Devil's walking stick.
- FLOWERING ALMOND**—Double rose-pink flowers in early spring.
- BARBERRY**—(Japanese). Well known shrub much used as hedge and in mass planting. We have a large stock of this popular shrub in all sizes.
- BECHTEL'S FLOWERING CRAB**—Covered in early spring with fragrant pink flowers . . . 75c
- CYDONIA JAPONICA**—Japan quince. The old-fashioned "Burning Bush." Bright scarlet flowers in early spring . . . 35c
- CALYCANTHUS**—Sweet scented shrub. Reddish-brown, fragrant flowers in late spring.
- BUDDLEIA**—Butterfly Bush—Sometimes called summer lilac. A quick growing bush covered with spikes of lilac colored flowers . . . 35c
- CARAGANA ABRESCENS**—Siberian Pea. Bright green leaves. Yellow blooms in clusters in late spring.
- ODONTOSTAPHYLIUM**—A hardy Japanese shrub with dark glossy leaves that turn a brilliant scarlet in the fall, at . . . 35c and 50c
- DEUTZIA**—Blue ornamental shrubs adapted to all soils. White flowers shaded with pink in early June.
- Lemoine Dwarf Deutzia** with pure white flowers. Pride of Rochester—Grows 6 to 8 feet high. Very desirable . . . 50c
- DOGWOOD**—Showy shrubs for border or screen planting. scarlet foliage in fall.
- Siberia**—Grows 6 to 10 feet high. Blood-red branches, creamy white flowers.
- Florus**—White flowering Dogwood.
- ELDER**—Showy shrubs growing 8 to 10 feet high. Can be trimmed to compact bush. We offer two varieties. Golden Elder—Foliage a very bright yellow.
- Cui Leaf Elder**—Foliage resembles fern leaves.
- EUONYMUS**—Desirable as specimen plants or in the border. Fall foliage turns to red and crimson.
- Americanus**—Strawberry tree, slender green branches. Attractive rose-colored fruit with scarlet poils. . . 50c
- Europaeus**—Spindle tree. Attractive foliage. Fruit dull red with orange seeds . . . 35c and 50c
- EXCOCHORDA** (Pear Bush)—A rare Chinese shrub with pure white flowers . . . 50c
- FORSYTHIA**—Japanese Golden Bell. Very desirable early spring bloomer, bright yellow flowers . . . 35c and 50c
- FALSE INDIGO**—Tall shrub with spikes of violet flowers in June.
- HONEYSUCKLE**—Japanese shrub. A rapid growing hardy shrub. Pink and white blossoms, red berries in summer. One of the best.

Fruit Trees and Small Fruits

- APPLES** . . . 50c
All the leading varieties—Baldwin, Delicious, Northern Spy, Jonathan, Yellow Transparent, Waltham, Taiman's Sweet, Hyslop Crab, etc.
- CHERRIES** . . . 50c
Early Richmond, Montmorency, Schmidt's Biggareau (Sweet) . . . 75c
- PEACHES** . . . 50c
Elberta, Belle of Georgia, Hale, Yellow St. Johns.
- PEARS** . . . 75c
Bartlett, Clapp's Favorite, Dutechess.
- PLUMS** . . . 50c and 75c
Abundance, Lombard, Bradshaw, Burbank, Mouarel.
- MULBERRIES** . . . 50c
- CHERRY CURRANTS** . . . 50c
Two-year plants with heavy roots, each . . . 10c
3 Year plants . . . 15c
- APRICOT**—Moorepark . . . 75c
- QUINCE**—Champion . . . 75c
- GRAPE VINES**—2 year, 25c; three year vines 35c.
Moore's Early—Black.
Niagara—White.
Brighton—Red.
Concord and Worden—Black.
Delaware—Small red.
Catawba—Red.
New Hlgdon Grape, (best white grape) . . . 50c
- RHUBARB ROOTS**, 3 year plants . . . 25c

- HYDRANGEA**—One of the most beautiful and satisfactory shrubs in cultivation.
- Abrescens Grandiflora**—"Hills of Snow" large white flowers in July that turn to green. . . 35c and 50c
- Paniculata Grandiflora**—Immense clusters of flowers, white, changing to pink in fall.
- Paniculata Grandiflora**—Tree form . . . 75c
- HYPERICUM**—Mossolanum. Extremely beautiful and desirable, large golden yellow flowers . . . 35c
- INDIAN CURRANT**—Coralberry. Fine for shady places. Rose colored flowers.
- KERRIA**—JAPONICA. Very desirable for low borders. Dark green stems, yellow flowers.
- WHITE KERRIA**—A Japanese shrub with white flowers in summer and jet black seeds in fall.
- RED BUD**—Judas Tree. Deep pink flowers on branches before leaves appear in spring. . . 25c and 35c
- SNOWBERRY**—An old time favorite. Pure white berries in late summer.
- SYRINGA**—Mock orange. We have a large stock of this valuable shrub in all sizes.
- Coronarius**. Very sweet-scented white flowers.
- Grandiflora**—A superior shrub with large, pure white flowers.
- Golden Syringa**—Showy bright yellow foliage, dwarf in size.
- Virginal**—The first of the ever-blooming Mock Oranges to give us heart; double, semi-double and single flowers appearing in same bunch, and so enchantingly sweet that we wonder someone has not converted this flower into "Mock Orange" perfume. . . 75c
- Nervies**—One of the newer sorts. Large white flowers borne in the greatest profusion.
- Gordonianus** (Gordon's Mock Orange). A vigorous grower and profuse bloomer; flowers slightly fragrant and valuable on account of blooming late.
- Bouquet Blanc**—Tall, erect grower, branches covered with large, snow-white flowers at the axils of the leaves.
- LILACS**—Well known plants with showy blossoms in early spring. We offer the purple, white and Persian varieties in all sizes.
- ROSA ACACIA**—Branches covered in late spring with pendulous pea-shaped rose-colored flowers.
- STEPHANANDRA**—Flexuosa. A graceful, medium-sized shrub, clothed to the ground with beautiful hawthorn-like foliage, tinged with red in spring. . . 35c
- TAMARIX**—A tall slender shrub with blue juniper-like leaves and pink flowers in spikes.
- VIRBURNUM**—Snowball. Profuse bloomers followed by showy fruit clusters in fall.
- V. Opulus**—High bush cranberry.
- V. Opulus Sterile**—Common Snowball.
- V. Dentalium**—Arrow-wood. Fine for massing.
- V. Placatum**—Japan Snowball. One of the best. Abundant bloom and makes fine specimen plants. . . 50c
- RHAMNUS**—Common Buckthorn, hardy, vigorous shrub with showy black fruit. Good hedge plant.
- WEIGELIA-ROSEA**—One of the most popular of the Weigelias. Deep pink flowers.
- WHITE FRINGE**—Same as purple fringe except in color of bloom, 75c each.
- YUCCA filamentosa**. Fine, strong plants; a stately decorative plant, with immense spikes of large white flowers; fine for the garden or lawn. . . 35c

SPIREA

PRICES—25c, 35c, 50c

The most popular of all the shrubs. We grow this shrub in some 12 different varieties and by the thousands and can supply your wants for any amount.

- A. Watereri**—Crimson overblooming, dwarf type.
- Arguta**—Early white, medium size.
- Billardi**—Pink colored plumes, mid-season, tall.
- Billardi Alba**—White Billardi.
- Callosa Alba**—Dwarf white, early.
- Callosa Froeheli**—Dwarf pink. Foliage tinged with red. Fine. Better than A. Watereri for this locality.
- Callosa Rubra**—Foliage tinted with red-early in season. Dark pink blossoms. Medium tall.
- Opulifolia**—Ninckel. Creamy white blossoms. Seed pods red. Showy.
- Opulifolia Aurea**—Golden Spirea. Foliage bright yellow, changing to golden bronze in fall. Snowy white flowers.
- Prunifolia**—Bridal wreath. Abundant double white flowers in early spring. . . 35c
- Thunbergii**—Snow Garland. Early dwarf white. Leaves small, bright green.
- Van Houttei**—The most popular of all the shrubs, and the finest and most beautiful of the spiraea. A fine trifoliate plant and covered about Decoration Day with thousands of small white flowers. We have a large supply of this popular shrub in all sizes.

Collection No. 5—Value \$6.50

10 Spiraea, Van Houttei—double white.

8 Japan Barberry

1 Golden Syringa

2 Japan Honeysuckle.

25 Shrubs.

2 Mock Orange—Syringa.

2 Spiraea, Froeheli—crimson.

\$5.00

HEDGE PLANTS

- PRIVET**
- Amor River Privet**, North—We can supply this popular hedging privet in any quantity and recommend it in preference to any other variety owing to its extreme hardiness, 15 to 24-inch size, 15c each; 100, \$12.00; 2 to 3 feet, 20c each; 100, \$16.00.
- Lodense**—A dwarf variety valuable for low growing hedge or for porch boxes . . . 20c
- Regal's Privet**—Fine for specimen plants or for an untrimmed hedge. Large specimens . . . 35c and 50c
- Illium Privet**—A cross between Illia and California Privet. Possesses the attractiveness of California and the hardiness of the Illia. 2 to 3 foot plants . . . 20c each
- OTHER HEDGE PLANTS**—Japanese Barberry, Bush, Honeysuckle, Aralia and the Spiraea. Special price when wanted in quantity.

We present herewith a list of the Nursery Stock we will have to offer for this year's Spring and Fall trade. All the stock we offer is young, thrifty, well-grown and first class in every way.

Our stock is all very carefully dug, so as to save all of the small roots possible, and graded to the highest standards. Plants are exposed to the air as little as possible and packed under cover. Our methods of grading and handling are certain to please and we know that you will find our stock of the best and our prices for the different sizes below those of the large catalog nurserymen.

This price list is our only salesman for this season. On some items where wanted in quantity, we can quote lower prices and we can always meet the competition of reliable firms.

Hardy Climbing Vines

- ACTINIDIA**—Silver Lace Vine. White flowers with purple center. Two year plants at . . . 35c
- AKESIA QUINATA**—Purple flowers and ornamental fruit. . . 35c
- AMPELOPSIS-ENGELMANNI**—A rapid growing vine that clings to wall without artificial support . . . 25c
- ARISTOLOCHIA SIPHO**—Dutchman's Pipe. Flowers in early spring, resembles small pipes. Rapid grower, making dense screen . . . 35c
- BITTERSWEET**—Handsome glossy foliage, orange-crimson berries in fall . . . 25c
- JAPANESE BITTERSWEET** 35c
- BIGNONIA**—Trumpet Vine. Large trumpet shaped, crimson flowers in early summer. Rapid grower . . . 35c
- EUONYMUS**
- Radicans**—An evergreen vine that clings well to stone and cement . . . 25c
- Radicans**—Vegulus—Evergreen Bittersweet. An improved E. Radicans with larger leaves and a faster grower . . . 50c
- CLEMATIS**
- Virginal**—Our native clematis. (Rapid grower will cover a large trellis by early summer when well established . . . 25c
- Paniculata**—Japan Clematis. Sweet scented flower in Sept. Fine . . . 35c
- MATRIMONY VINE**—A vigorous climber that will thrive in any situation. Purple flowers, scarlet berries . . . 25c and 35c
- WISTERIA**—A rapid grower with long pendulous purple flowers in June . . . 35c
- HONEYSUCKLE**
- Hall's Japan**—The most constant bloomer of the class, being literally covered all summer with beautiful yellow and white flowers . . . 25c

Peonies

We offer a large assortment of the best varieties, in one and two year roots—not the usual small divisions as sent out by most nurseries.

- NAMED PEONIES**
- Candidissima**—Creamy white . . . 50c
- Delachei**—Crimson purple . . . 50c
- Felix Croosse**—Brilliant red . . . 50c

15 America, pink; 10 Halley, salmon pink; 10 Mrs. Francis King, scarlet.

Japanese Bamboo Cane Stakes 6 feet long. Just the proper thing for staking Roses, Dahlias, etc. 40c Dozen Postpaid

Our golden rule policy

We always try to see the plants and bulbs from the buyer's standpoint and will not send out anything that we would not be satisfied to receive.

RASPBERRIES

Columbian and Honeysweet Raspberry Plants

We wish especially to call your attention to our **Columbian** and **Honeysweet** Raspberry Plants. We have a large stock of these varieties and we believe them to be the best of the purple and black, we think we are doing our customers a favor in urging them to make a planting of these most desirable garden plants. A small part of the garden planted out to raspberries will pay many times for the effort to grow them. Our plants are inspected regularly by the state nursery inspectors and pronounced in fine shape. We are co-operating with the state inspectors in every way to eradicate the raspberry diseases and wish to urge our customers to be sure not to plant anything but inspected plants. Anything else is dear at any price.

Honeysweet, Black Raspberry

This is now our fourth season with this variety and we have yet to discover a single thing that will change our opinion that this is one of the best of the black raspberries in every respect. We sold every plant we had the past three seasons. Have a fine stock of plants ready for this spring but you had better get your order in early to make sure.

Columbian (Purple Raspberry)

Absolutely the best of the Purple Raspberries. We have discontinued the growing of several kinds, that are offered by some other nurserymen, as they fail to measure up to the Columbian in every respect. If you want a purple raspberry, there is only one variety, we think, and that the Columbian. A stocky grower, extremely vigorous and healthy. Berries large in size, of a deep purple color, and of fine flavor. A grand berry for the table or for canning.

Prices 25—\$1.00, 100—\$3.50, 500—\$15

STRAWBERRIES

We have been obliged to make a radical reduction in the varieties of strawberries we grow, owing to the demands of our shrubs for more room. The three varieties we list are all standard varieties and undoubtedly 99 per cent of all planning would be of the kinds we list.

DR. BURRILL (S)

Of excellent quality. Plants are strong and vigorous. We recommend the Dr. Burrill for either home garden or commercial growing.

GIBSON (S) Our Best Strawberry

As a money maker we know the Gibson has no superior. The Gibson berry is a beautiful dark red, of excellent quality and flavor, firm, and will stand shipping as well as any variety we know.

SENATOR DUNLAP

Mid-season. This is the "universal strawberry" of the June-bearing sorts. It is the most widely planted and the best all-around berry in its class. Senator Dunlap will stand more drought and more wet weather than any other variety in its class. It is a sure cropper and will thrive in nearly all soils. All varieties offered are perfect-flowering—PRICES

100—60c, 500—\$2.50, 1000—\$4.00

Collection No. 1—\$1.75 Postpaid

350 Strawberry Plants.

100 Dr. Burrill.

150 Dunlaps.

100 Gibson.

Shade and Ornamental Trees

- ALANTHUS** (Tree of Heaven), a fast growing tree and very attractive, 6 to 8 feet high . . . 50c
- CATALPA**, (Speciosa) Western Catalpa, 5 to 8 feet . . . 50c

- GROUSCH**—Crimson yellow . . . 60c
- GRUSS AN TEPLITZ**—Scarlet . . . 60c
- GENERAL JACQUEMINOT**—Brick red-crimson . . . 60c
- HARRISON**—Yellow Briar . . . 60c
- MOLEY**—Crimson, very desirable . . . 60c
- J. B. CLARK**—Crimson . . . 60c
- MAGNA CHARTA**—Pink . . . 60c
- PAUL MEYRON**—Pink . . . 60c
- PRINCE DORHAN**—Dark red . . . 60c
- CONSTANCE**—Orange-yellow . . . 60c
- JONKHEER J. L. MOCK**—Outside carmine, inside silver pink . . . 60c

JAPANESE ROSES

ROSA RUGOSA—One of the finest shrubs, as the foliage is glossy green and the flowers and red fruit add a touch of color throughout the season.

ROSA RUGOSA ALBA—A white-flowered form of the above . . . 35c

NEW ROSES

HUGONIS—A fine yellow bush rose lately introduced from China. . . 60c

F. ROODTENDORST—A cross between Japanese Rugosa and Baby Rambler. Crimson everbloomer. . . 60c

LOS ANGELES—Coral pink shaded with gold at base. . . 75c

To Our Automobile Friends

In the foregoing we have listed our general line of shrubs and plants, most varieties carried in sufficient amounts to meet the usual season's demand. We also grow a number of plants for trial, which we have in small quantities. If you live in driving distance of our nursery, you are invited to drive over and make your selections from the plants as they grow on the ground. We have many shrubs that we do not grow in sufficient amounts to warrant us in listing them in a catalog. Then we have many specimen plants, of the varieties we are growing, together with a planting of Evergreens in all sizes. Stock of some varieties is limited, and as the value of the plants depends mainly on the individual specimens we are not prepared to quote a general price for several varieties. A personal selection at the nursery will prove the most satisfactory way.

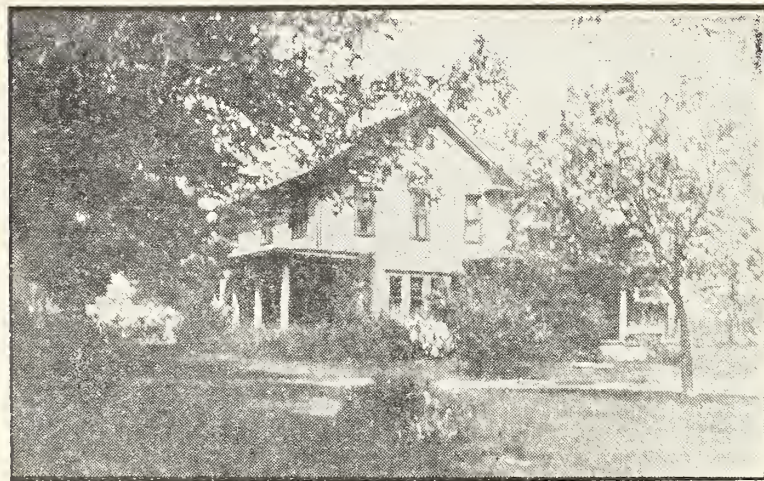

GEORGE H. SCHENCK

Elsie, Mich.

Planting a Home Is Not an Expense ----But a Profitable Investment!

It pays dividends of satisfaction. It does not require new tires or eat gasoline, and it is greater distinction than owning a sedan. Count the good plantings and automobiles in town and you will see why its value increases with age, and never has to be replaced.

Our stock of ornamental plants consists of

All the Trees, Shrubs and Vines that do well for general planting in this section and soil.

There are many plants that can be used for hedges and our supply of Barberry and Privet is large.

We sell all the best and most dependable Roses.

Evergreens of both large and dwarf varieties.

Perennials for quick flowering, house bouquets and constant succession of color.
